Dear Editor,

Thankful Mardiel is using mygalaxy now while I'm using anime news, that means there's going to be some translations if you enter them.

I catch someone when referring to Yoshinaga's dog to show how Mardiel thinks of him in the moment.

I won't be updating as much due to my moving and job hunting, but I'll try to take updates as a weekly basis.

I used my last info on this. So, happy reading!!
